

USJFCOM Operational Contract Support (OCS) Planning Initiatives

- Projects

(J7) COCOM Exercise support

**(J7) Establish Collaborative OCS Environment within JFCOM
Internal and external customers**

**(J7 JKDDC) Developing an online OCS training program to include training
modules,
community of interest, and a life cycle plan for maintenance and
sustainment**

(J9) USG Contracted Private Security Company (PSC) Project

- Best Practices

**Promulgate current and accurate Operational Contract
Support (OCS) doctrine, policy and facts**

- Lessons Learned

**Leverage Joint Lessons Learned Information System (JLLIS)
Develop IAW with JFCOM JWFC J7 processes**

- Planned Project Initiatives (12-18 months)

COCOM Exercise support

**Develop JLLIS as an enabler within the JFCOM OCS Community of Practice
and complements JCASO and OSD DPAP OCS efforts**

**Collaborate with trainers for refining OCS sections for training and senior
leader courses**

**Develop and maintain an OCS Master Scenario Events List (MSEL) in the
JMSEL tool for exercises and training**

FY 09 RCC PRIORITY FOR
JWFC SUPPORT

	CENTCOM	NORTHCOM	EUCOM	PACOM

JWFC JLLIS Implementation (Working)

- From identified areas within your organization, select Group results for potential
- Work with Operations Group to develop JWFC directive/SOP
- Use the JLLIS program to ensure familiarization and organization adaptability
- Develop a program POAM aligned with USJFCOM instruction approval

About The US Joint Forces Command Joint Lessons Learned Information System (JFCOM JLLIS)

The mission of the JFCOM JLLIS is to support the Commander, USJFCOM in the execution of his Title 10 responsibilities, and as the supported Combatant Commander for WOT, by gathering observations and recommendations. These lessons may be from operations, exercises, and other activities as well as supporting organizations in order to identify emerging issues, collect and manage the JFCOM JLLIS database, and report findings, trends, and issues through electronic media.
